

Hi Benedetta.
My name is Jade and I am 16
years old too.

I spend Christmas with my
family, and I love this period
too because it is a time when
we remember beautiful
memories, long discussions
and laughter.

It is true that even if the
belief in Santa Claus is no
longer there. The simple fact
of being together as a family
to exchange gifts is enough
for me, a very very beautiful
period,
as you say
