Choosing the Right Receipt Printer

- **Thermal Printers**: Fast, quiet, and low maintenance
- **Dot Matrix Printers**: Durable, suitable for multi-part forms
- Inkjet Printers: High-quality color printing for branding

Advantages of Thermal Receipt Printers

No ink or toner required

High-speed printing capabilities

Compact design, ideal for limited counter space

Common choice among Australian retailers

When to Choose Dot Matrix Printers

Suitable for environments with heat or grease (e.g., kitchens)

Can print on multi-layered paper

Longer lifespan in challenging conditions

Three vertical purple bars of varying heights on the left side of the slide.

Benefits of Inkjet Printers

- Produces vibrant, high-resolution prints
 - Ideal for receipts requiring logos or promotional messages
 - Less common due to higher maintenance and ink costs
