

Different People, Different Investment Goal

L&T MUTUAL FUND IS ON THE ROLL

L&T Mutual Fund is one of the esteemed AMCs that look upon delivering superior long term capital growth while adjusting potential risk. Whatever is your investment goal, be it retirement planning, child's marriage or higher education, L&T helps you achieve all by providing you with the relevant schemes.

EQUITY FUNDS

A Pro for Those Who Wanna Grow!

If you are an investor with patience and looking forward to grow money in long term period, you must consider investing in equity funds of L&T. To reduce the risk you must stay invested for a longer period of time.

FIXED INCOME FUNDS

Invest to Acquire Steady Growth

This fund type is for investors who favor low risk tolerance and look for fixed income and steady growth. It aims to provide reasonable returns simultaneously maintaining safety and providing investor with liquidity.

HYBRID FUNDS

Accrue Greater Returns from Multiple Assets

People who want to have hands on both stocks and bonds likely to invest in funds from this category. Though the risk is moderately high, the returns are assured. This is the best gift from the bag as it functions on the motto of growth with stability.

FIXED MATURITY PLANS

For Mature People

These plans aim at achieving capital growth through the investments made in a mix of debt and fixed income securities maturing on or before the maturity of the scheme.
