BUY RIGHT, SIT TIGHT

An Investment Philosophy to Create Wealth from Equity

Buy Right using QGLP approach:

Q- Quality of stocks should be checked before investing in them.

G- Stocks should be capable of providing healthy growth and sustained RoE

L- Longevity of the economy of the business or stock you are investing in

P- Buy good stocks for fair price and not fair stocks for good price

Buy and hold until the goal is achieved:

Stay invested and focused on your investment goal.

Four Important Lessons for Healthy Investments Motilal Oswal Mutual Fund

Invest in a systematic manner in suitable plans to attain success and stability in your financial life. A good start can help you reach your goal pro-efficiently.
