United Kingdom

United Kingdom (UK) is composed of four countries. These countries are:
_____

Great Britain is an island: it means that there is _____ all around. It is composed of three countries: _____

England is a _____. The capital of England is _____. It is also the capital city of the _____.

On the map:
- Write the names of the four countries of the United Kingdom in black.
- Write the name of the capital city of the United Kingdom in red and underline it.
- Write the names of the capital cities of the four countries of the United Kingdom in red.
- Circle the United Kingdom in red.
- Circle the Great Britain in green.

Colour the different flags and put the names of the countries. Which one is not part of the UK? Which one is the flag of the UK?
