

# ANGELS

## Angels from old damaged books.

### Resources.

**Old books, hot glue, styrofoam balls, wigs, cardboard, markers**

### Workflow.

**In old books we fold the pages, so that the dress of the angel is formed. Using hot glue, glue the head from a Styrofoam ball (it is good to additionally strengthen it with a toothpick) and hands from cardboard. Finish the angel as your imagination tells you - draw a face and eyes, glue hair, make a halo, decorate the dress with glitter, for example.**
