

# A different Christmas tree

THIS YEAR, THE 4TH B CLASS AND CLASS TEACHER KINTIJA OF THE LITHUANIAN SECONDARY SCHOOL OF RIGA DECIDED TO RESPECT NATURE AND NOT CUT DOWN THE CHRISTMAS TREE IN THE FOREST. THEREFORE, THEY CAME UP WITH AN ALTERNATIVE CHRISTMAS TREE.

# A different Christmas tree

YOU CAN FIND THESE CHRISTMAS TREE STENCILS ATTACHED AND PRINT THEM OUT. EACH STUDENT COLORS OR DECORATES THE TREE AS THEY LIKE, THEN CUTS OUT THE TREE. ALL THE TREES SHOULD BE GATHERED INTO ONE BIG TREE, WHICH CAN BE STUCK ON THE BLACKBOARD OR WALL IN THE CLASSROOM OR AT HOME.

REQUIRED:

- PRINTED CHRISTMAS TREE STENCILS.
- CRAYONS, MARKERS OR GOUACHE PAINTS (OPTIONAL).
- SCISSORS.
- ADHESIVE.

P.S. IF YOU CANNOT PRINT THE STENCILS, YOU CAN DRAW THE TREES BY HAND (IT IS IMPORTANT TO KEEP ALL THE TREES THE SAME SIZE).
