

MISSION 1 : LAB EQUIPMENT

- STEP 1 :**
- Complete the chart below with the names of the different tools in French
 - **Watch the video : « getting to know your common lab equipment » and write down the English words given for SOME of the lab equipment**
- STEP 2 :** Explain what they are used for (FUNCTION) and describe them (SHAPE & MATERIAL)
- Find the English words for the equipment which is NOT presented on the video (from #18 to the end), using wordreference and explain what it is used for and describe it.
- STEP 3** In pairs, prepare a 20 word crosswords using the following website : www.crosswordslab.com
- STEP 4 :** Work in pairs, choose 4 of them, prepare a slideshow for an oral report in which you will have to introduce, describe and explain the function of each tool.
