

## GOOGLERS' TESTIMONIES – CORRIGE

### Pros and cons of working at Google

	PROS	CONS
<b>Googler 1 Michael doc 5A</b>	many perks (showers, breakfast, lunch, gym, massage) fun good treatment many people from different nationalities	the company is too big : it 's easier to work with fewer people
<b>Googler 2 doc 5B</b>		you spend your time working and hanging out with co workers. Not enough freedom People are not very mature they drink at all hours, socialise constantly, play games and do little to no work.
<b>Googler 3 Alex doc 5C</b>	many people from different nationalities teams of a very high level people are friendly, very inclusive you feel well with everyone you are given all comfort Everything is organised you can focus on your work Eveyrything works : the technology is very good	it's like a race that never stops : very demanding you need a lot of self-discipline and self-awareness to be able to stay in balance and not work all the time
<b>Googler 4 doc 5D</b>		all your life is based on Google : your food, your friends, your gear, your phones Pressure : you 'd be insane if you left, but in fact you are not free.
