

# Raising awareness to reverse the trend

## Before you watch

1. Judging by the title of the page and the pictures, say what you think the video will be about.
  2. Discuss the consequences of this issue and propose possible solutions.
  3. Look at a map of the USA and talk about what areas of the country could be most affected.
4. Watch the video and take notes about:
- the problem
  - these scientists' solution
  - their difficulties
5. Describe the scientists' goal.
6. Share what you have understood.

7. Do you think their invention can stop the problem?
