

# 1. A brief history of space exploration

Watch and fill in the timeline with six landmarks in the history of space exploration.

The diagram consists of a central horizontal arrow pointing to the right, divided into six segments numbered 1 through 6. Six rectangular boxes are arranged around the arrow, with lines connecting them to the corresponding numbers. Each box contains the labels 'Date:' and 'Event:' for recording information.

Number	Date:	Event:
1		
2		
3		
4		
5		
6
