

# March for science in San Francisco

## Before you watch

1. Judging by the title and the pictures, say what the video is about.
2. Say why people took to the streets.

## Now watch

3. Watch the video and take notes about:
  - the place(s) where the march took place;
  - the reasons for the march
  - people's goal(s)
4. Describe what is specific about the event in the USA compared to the rest of the world.
5. Share what you have understood.
6. Discuss the demonstrators' goals.
7. Would you be ready to march for science? Why or why not?
