THE UNIVERSITY OF QUEENSLAND

Tom Lydford-Brace, tlb38@bath.ac.uk

THE UNIVERSITY

- One of the Group of Eight leading universities in Australia
- St Lucia campus is surrounded by the Brisbane River
- Large international population

GENERAL

- Semester 2: Mid-July to Mid-November (2023)
- Semester 1: Mid-February to Late-May (2024)
- Research: 2 Research courses over both Semesters taking over half the time studying
- Other classes: Pass/ Fail
- Weekends: Free for trips
- Accomodation: University accomodation in Sem 2 and a sharehouse in Sem 1

BRISBANE

- The best city in Australia for destinations near-by
- South Queensland
- Good public transport within the city

The map above shows highlighted areas visited during my year abroad.

TRAVEL

RESEARCH

- 2 projects over both semesters
- Sem 1: Tried to extend the excited state lifetime of Cu(I) polypyridyl complexes using supramolecular complexes (unsuccessful)
- Sem 2: Tried to improve the performance of established Cu(I) photocatalysts but the reaction chosen to benchmark did not require a photocatalyst
