University of North Carolina at Greensboro

Lucas Pigott

Introduction

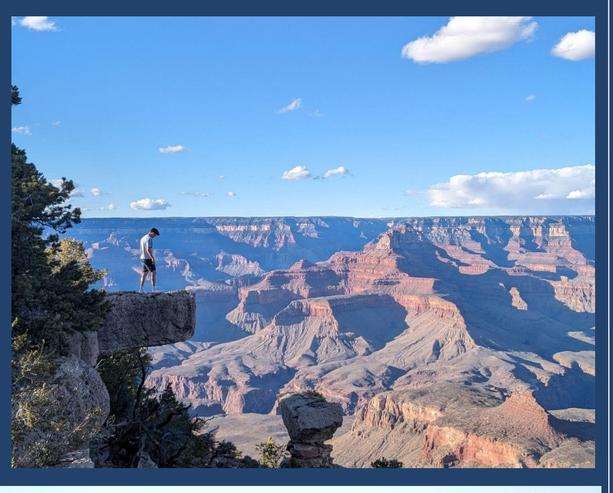

- 150+ undergraduate areas of study, 200+ masters/doctoral programmes
- Over 20,000 students

Life in Greensboro

- International students often choose Tower Village accommodation. I found this a great way to meet other students that were looking to travel.
- Successful University Basketball and Soccer teams which are free for students to watch.

Academic

- Studied supplementary foundational computer science courses.
- Studied maths, data science and machine learning courses.
- Additional studies of interest such as creative writing, music lessons and psychology.

- Lots of sports options at intramural and club level. I chose to play club volleyball and intramural football.
- Some shops/parties are walkable and Ubers are cheap for those that aren’t.
- Domestic flights are often cheap from Charlotte.
