PHYSICS

The Campus and Accommodation

- Free buses around campus
- A variety of food stalls
- Mainly twin rooms (bring ethernet)
- Shared Bathrooms
- Usually Air-conditioned
- Swimming pool, pianos, gyms

The Subjects and Facilities

Good opportunity to try new areas

I was given several demonstrations of etching and lithography processes in the on-campus clean-rooms and labs, as well as tours of the cutting edge photonics research labs

Everything is in English

- ◊ Fabrication of nanoscale devices
- ◊ Figure sculpture in clay
- ◊ Chinese Language level 2
- ◊ Discrete Mathematics
- ◊ Quantum Mechanics II
- ◊ Plasmonics and Metamaterials
- ◊ Biomedical Imaging and Sensing

Extra-curriculars

- Huge range of university funded clubs
- Sports, Arts and music
- Languages
- Most clubs easy to access and cheap

I joined the NTU Wushu society. Wushu is a Chinese performative martial art. This club was a great way of making many local friends, and I was given the opportunity to compete for the university in an invitational championship. I highly recommend trying a new and interesting sport, to help immerse yourself in the new culture.

The City

- Hawker Centres
- Botanical Gardens
- Easy to visit Malaysia (Ipoh, Melaka)
- National parks (crocodiles!)
- Museums (local discount)

- ◊ Very nice shopping malls
- ◊ Food is cheaper than in the UK (in hawker centres)
- ◊ Alcohol is very expensive
- ◊ Most places shut fairly early
- ◊ Lau Pa Sat
- ◊ A few nice temples
