4. _____
5. _____
6. _____

Leisure Time Activities And Adverbs Of Frequency

Ask 5 classmates what they like to do. Fill in the chart.

Example:

Student Name	Do you like to play bingo?	Do you like to read books?	Do you like to go for a walk?	Do you like to go surfing?	Do you like to play chess?
Alison	Yes	No	Yes	Yes	No
Bruce	No	Yes	No	No	Yes
Kevin	No	Yes	Yes	Yes	Yes
Tammy	Yes	Yes	Yes	No	Yes
Tim	No	No	Yes	Yes	No

Student Name	Do you like to play computer games?	Do you like to play basketball?	Do you like to solve crossword puzzles?	Do you like to watch TV?	Do you like to swim?

Leisure Time Activities And Adverbs Of Frequency

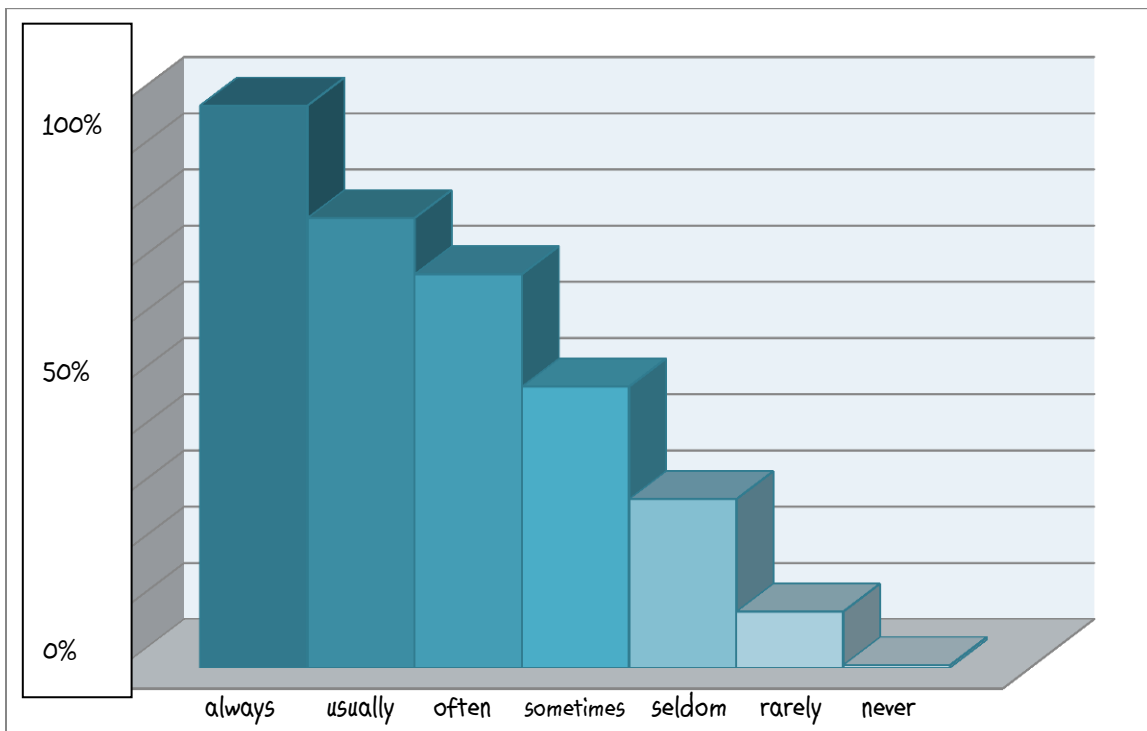

Adverbs Of Frequency

Adverbs of frequency tell how often or how frequently somebody does something.

Study this chart.

Amount Of Time	Adverb
100%	Always
80%	Usually
70%	Often
50%	Sometimes
30%	Seldom
10%	Rarely
0%	Never

Here is another chart that shows adverbs of frequency.

Practice spelling the adverbs.

Fill in the missing letters for each adverb.

Example: _ l _ _ _ _ a l w a y s

_ e _ _ _ _ n s _ _ _ _ s _ _ _ _ _

_ r _ _ _ _ t _ _ _ _ _

Leisure Time Activities And Adverbs Of Frequency

Adverbs of frequency come between the subject and the verb.

Subject + Adverb Of Frequency + Verb

Oscar usually plays cards on Friday night. (Oscar usually plays cards on Friday night.)

Subject + Adverb Of Frequency + Verb

Blanche always works in the garden on weekends. (Blanche always works in the garden on weekends.)

Add the frequency adverbs to the sentences below.

Example: (always) John always goes bicycle riding on his day off.

(rarely) Henry _____ plays guitar on Sunday morning.

(never) Benjamin _____ collects stamps.

(usually) Kim _____ knits when she has free time.

(always) Barbara and Roger _____ play bingo on Saturday afternoon.

(often) Patricia _____ makes scrapbooks on weekends.

(sometimes) Barry _____ runs after work.

(seldom) Mary _____ swims at the city pool.

Use the information from the chart to fill in the blank with the correct adverb.

Example: (80%) Melanie usually reads books during her leisure time.

(100%) Leonard _____ plays soccer on Saturday afternoon.

(10%) Theresa _____ plays piano.

(0%) Harry _____ plays basketball on Monday morning.

(30%) Andrea _____ watches TV after work.

(50%) Tom _____ goes rollerblading on his day off from work.

Joan: How often do you go bungee jumping on you day off from work?

Mark: I never go bungee jumping on my day off from work.

Dialog 7

Ben: How often do you cook?

Harvey: I seldom cook.

Leisure Time Activities And Adverbs Of Frequency

True/False Board Game

Instructions:

1. You will need a pair of dice for this game. Place the game board on page 10 in the center of the table. Place the question card boxes on page 14 next to the game board. Cut out the question cards on pages 11, 12, and 13. Place them in 3 piles, face down, in the corresponding boxes on page 14. Cut out the "Give A True Answer Card" and the "Give A False Answer Card" which are at the bottom of this page. Place them in the corresponding boxes on page 14. Cut out the 4 colored counters at the bottom of this page.
2. Nominate someone to be the score keeper. The score cards are on pages 14 and 15.
3. Each player selects a colored counter. All the players put their counters on the Start square.
4. Player A throws the dice. He/She moves the counter along the squares according to the number on the dice.
5. Player A looks at the symbol on the square where the counter has landed. The symbols are a star, a smiley face, and a sun. Player A picks up a question card from the pile with the same symbol.
6. Player A turns to the player on his/her left. Player A now picks up the "Give A True Answer Card" and the "Give A False Answer Card". Player A holds these 2 cards out in a face down position to the player to the left. Player B chooses one of these cards. Now Player A goes back to the question card. Player A asks Player B the question on the card. Player B must give either a true or false answer according to the "Give A True Answer Card" or "Give A False Answer Card" that he/she chose.
7. All of the other players, including Player A, guess whether Player B's answer is true or false. Each player gets 1 point for guessing correctly. All of the cards are placed at the bottom of the appropriate piles. Player B now throws the dice and the game continues in this way.
8. If a player lands on a square marked "?", that player can ask the player on the left any question they like. The player on the left must still choose a "Give A True Answer Card" or a "Give A False Answer Card" and answer according to the card chosen.
9. The game continues until someone reaches the Finish square. At this time, the game completely stops. Add up the points. The player with the most points is the winner.
