Hello,

This is a very interesting project and I am interested. I am currently in China and with the time difference it will be difficult to organise something right now. But I will be back in Brussels end of next week.
We can discuss it more at that moment.

Best,
Hakim.

Subject: Call for Partners – CIVIS Student Project 2025 (deadline 30 april)

Dear all, I hope this message finds you well.

I am reaching out regarding the **CIVIS 2025 Student Project Call**, for which I am currently looking for **partners** to support my application. As a student at **Aix-Marseille Université (AMU)**, I am coordinating the project **Comme Toi, an initiative promoting human rights and equality**.

This project particularly targets associations involved in the defense of LGBTQIA+ rights, women's rights, refugee support, and other essential causes.

The goal is to foster an **artistic and civic dialogue** among students from CIVIS universities, centered **around the notions of difference, identity, and resilience**. **I would be very grateful to be connected with associations or partners who may be interested in this initiative.** I kindly ask for your feedback by **April 30, 2025**, which is the application deadline.

Please feel free to reach out if you have any questions or need further information. Thank you very much for your attention and

support.

Best regards,
Macilon dos Santos
