Last August, my family and I visited a lake near the mountains. We wanted to try some new activities. In the morning, we went sailing across the lake. At first, I was nervous, but it was actually very relaxing.

Later, my brother and I tried jet skiing. It was fast, noisy and really exciting! My dad went fishing, but he didn't catch anything. He said it was a little boring, but he still enjoyed the quiet morning.

After lunch, we went hiking in the hills. The views were beautiful, but the walk was quite long and tiring. In the afternoon, we went swimming in the lake and relaxed in the sun. My mum spent some time sunbathing while we played in the water.

At the end of the day, we watched other people windsurfing. It looked amazing, but also a bit dangerous. We didn't try it, but we took lots of photos and had a great day.
