

## Manhattan

Manhattan is a borough of New York. There are many monuments in Manhattan. The statue of Liberty, probably the most popular monument in NY, is in front of Ground Zero. Opposite to Ground Zero, there is the Brooklyn bridge. In Manhattan, you can also visit Chinatown, next to Greenwich village. Take the 5th avenue to see the flatiron building. Behind the flatiron building, there is the Empire State building. Go straight and pass the the Grand Central Station on the left, continue and you arrive at Central park. On the right of Central park, there is the Harlem borough. Manhattan island is surrounded by the Hudson river, the East river and the Harlem river. Central park is in the center of the island.
