Elena présente sa copine Monica, puis elle-même, dans un mail à son correspondant. Complète en conjuguant les verbes entre parenthèses.

Monica ... (*be*) my best friend. She ... (*be*) 14 years old and we ... (*be*) in the same class. She ... (*like*) being around people and she ... (*be*) very caring and outgoing. That's why she ... (*have*) lots of friends. She ... (*feel*) comfortable in new situations and she ... (*not / mind*) speaking in front of the class. The one thing she ... (*not / like*) is playing sports! And the one thing we both ... (*hate*) is tidying our rooms! We ... (*prefer*) to hang out with our friends. We always ... (*have*) great fun together.
