Arthur was sleeping soundly in his bed when suddenly, his alarm clock went off.

He opened his eyes and turned it off.

Then he rolled out of bed, feeling very tired.

He opened the curtains and noticed that it was still dark...

So he looked up at the big clock in the corridor and saw that it was only 5 a.m.!

He thought: "the alarm clock went on too soon!"

19 Les parents de Peter lui ont laissé le mot suivant :

Hi sweetheart,

Can you:

- make your bed
- tidy your bedroom
- wash the breakfast dishes
- set the table
- prepare dinner, please?

Thank you so much for your help.

Your dad and I have so much work to do today!

Love you. Mum (and dad).

Peter ne sera pas là à leur retour et leur laisse ce petit mot. Complète-le !

Mum and dad,

I did my best but couldn't do everything because I have to go and work with Jamie!

I ... my bed and I ... my bedroom. I also ... the breakfast dishes. And I ... the table too.

Sorry, but I ... dinner. I ... time.

We'll have to order pizzas I am afraid! 😊

Love you more!

Peter
