The Collège is a good school  
There are a lot of place, for example  
The library (CDI) where you can read or  
get some rest and The yard where you can  
find your friends or talk with them

There are also many adults like the supervisors  
and the teachers  
I like very much Miss Girardin who is cool  
but sometimes German looks like torture !!  
And there is Miss Roques who gives an excellent  
lesson of geography.

When you will arrive in college, he don't  
stress. If you enter the wrong room or if  
you don't know the polite form, it is  
not big deal.

You must also make good impression so that  
teachers think you're nice.  
Try to get to know the people in your  
class that you don't know.

Good luck little 6<sup>th</sup>
