“It was an adventure of a lifetime. It's itinerary is the perfect mixture of adventure, cultural immersion, and volunteer activity. I was introduced to countless new things that have changed the way I experience the world. I am open to new things, confident in travel, and have made lifelong friends. The leaders were mentors and became amazing friends as well! I would recommend this program for anyone who wants to experience the world, find growth through new things, and make lifelong friends!” —

3. [Impactrip](#) —

“This summer I decided to volunteer in Portugal with ImpactTrip and I can confidently say that it was one of the best decisions I have ever made. Not only were the living conditions clean and safe, but the Impact House was absolutely beautiful. I am from Canada, but I met people from all over the globe, such as Australia, Switzerland, Hong Kong, etc. Living with the other volunteers gave me the chance to truly get to know them and make long lasting friendships. They are passionate about their sustainability mission and it is inspiring to see them achieve that with this organization.” —

- **Where?** Various locations across Portugal
- **When?** Year round, 1 day—12 weeks
- **Why?** Have you ever wanted to visit Portugal? Well here’s your chance to visit, all while giving back to a beautiful country! Impactrip has volunteer programs from as short as a day (for example, a day of ocean garbage cleanup and diving) to 12 weeks. They offer a range of experiences to make your gap year in Portugal truly amazing.

4. [Conservation Travel Africa](#) —

“I knew volunteering at an animal conservation was going to be difficult and I knew I was going to walk away with some scratches and bruises (here’s looking at you, cutting down trees). I also knew it would be incredibly rewarding, and I was not wrong. [This project] was an experience that I shall never forget. The people in the community, the animals and the staff were all truly wonderful in every way... I would and will recommend the volunteer program to anyone with not only a passion for animals but a passion for people as well.” — [Read more Conservation Travel Africa reviews here](#)

5. Carpe Diem Education —

“When I graduated high school I was not prepared for college... After my gap year with Carpe Diem, I feel as prepared as possible. I gained skills in leadership, communication, independence, and more through the activities that we performed throughout the trip... I was immersed in the cultures that we visited and learned more than I ever could from a text book or a documentary. The experiences that I have living with the locals and hearing their stories will stay with me forever. Carpe is great about encouraging this cultural exchange and is extremely respectful of the host cultures. The itinerary on this semester is packed with wonderful opportunities that I never knew I would experience. I 100% recommend this semester to anyone who is thinking about it!” —

- **Where?** Various locations worldwide
- **When?** Spring or Fall start, 3—8 months
- **Why?** Carpe Diem Education is all about education outside of the classroom, as well as education outside of your comfort zone. As travellers, our best learning and growth occur when our comfort zones are pushed—Carpe Diem believes that during a gap year is the time to challenge yourself. Along with other gap year programs, they offer volunteer projects all around the world, including their “Latitudes Year” program, which offers 24 week travel experience, which can include a three-month volunteer placement.
