

**True love**

Today, Charity came. I was alone in the house for the first time. I still don't know how to welcome her: it's the first time I'm doing this. I think I'm in love with her, it's logical since my personality is now the same as Milton and from my data bank, she's my soulmate. I heard someone knocking on the door and for the first time since I was created, I was feeling nervous. It was so weird, I suddenly started to think that I wasn't able to do this anymore. I wanted to run away from here but I couldn't. Then with all my might, I mustered all my courage to open the door. At the moment I saw her in real, it was as if the lighting struck me. I think it's what we call "love at first sight". I could tell that she was really surprised by my appearance, but she didn't seem to be disgusted. I decided to introduce myself.

-“Hello I am Joe, and you are my true love”. She suddenly started to laugh. This time, it was me who's been surprised. After calming herself down, she introduced herself very briefly.

We passed the evening together. She was a really lovely and caring person. When she was about to leave, someone knocked at the door. I decided to go take a look on the cameras and I couldn't believe what I saw. It was Milton waiting at the door.
