

## MEET SOME OF THE PECULIAR CHILDREN

### 1. Who is who ? Associate a name with each paragraph.

[ ] is a tall teenage girl with long ginger hair.

She is peculiar because she can produce and manipulate fire with her hands, but she can't control her power very well. That's why she must always wear gloves. If she doesn't wear them, she accidentally burns things. She is a quiet, kind and gentle person who enjoys taking care of the younger children. She is not very talkative. She likes Enoch very much.

[ ] are two peculiar boys dressed up in strange costumes. They are quite shy and quiet. They don't speak at all and they are always together. They are extremely affectionate. They can use telepathy to communicate with each other. Without their mask, they can turn someone into stone with just a look and they look really scary : they have pale skin and serpentine eyes and fangs.

[ ] is peculiar because he can animate dead things and persons for short periods of time. He needs a lot of energy to use his power and he collects hearts. The other children find him arrogant, grumpy and a bit rude. That's why he is often alone. However, he is very caring and quite protective with the younger children in the house. He really fancies Olive.

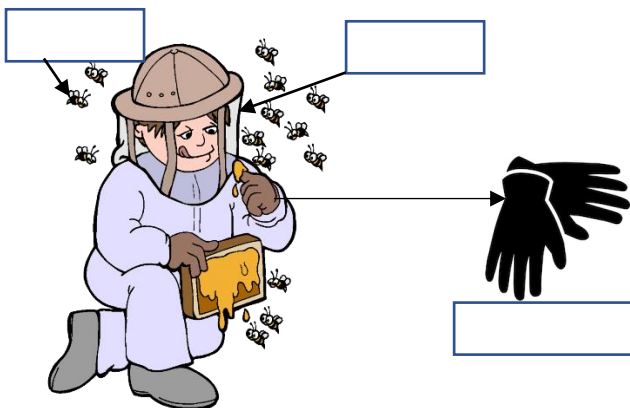

If you are allergic to bees, don't approach [ ]! Indeed, this peculiar child can command and protect the many bees that live inside him. How scary ! Yet he really loves them and feels very sad when they die. A few bees fly out of his mouth when he opens it. That's why he usually wears a beekeeper's net hat. The bees only sting when he is really angry or when he commands them to attack. He is a smart boy and he is also very honest because he always says clearly what he thinks. He is very close to Fiona because their powers complement one another.

2. For each character, recap the different information you have in the paragraph.

	PERSONALITY	POWERS	LIKES	HABITS*
H U G H				
E N O C H				
O L I V E				
T W I N S				

VOCAB BOX : a habit = *une habitude*

3. Find in the paragraphs the English for the indicated elements.

the person's job
