

VALUE – GENUITY , AUTONOMY AND INTEGRATION

The turtle that wanted to fly

There was once a turtle who was never satisfied. He lived on the sweet grass by the forest pool but still felt very bored.

One day, he noticed a large eagle flying overhead. He looked so graceful and flying is so easy that the turtle decided he would learn to fly too.

Then the eagle came to rest on a rock near the pool and the turtle saw his chance and said: "Oh handsome eagle, you fly so well.

Please teach me how to fly..." The eagle was astonished.

"What?! Teach you how to fly? But you have no feather nor wings!"

Again, the turtle pleaded, "Oh please, Eagle, I'm sure I can learn." The turtle continued to pressure the eagle to teach him how to fly until finally, the eagle agrees.

He picked up the turtle with his large claws and flew high in the sky.

Then, he let go of the turtle and told him to flap his legs and fly.

The turtle flapped his legs as hard as he could, but still, he fell like a stone towards the ground. Luckily, he fell into the bushes. He was buried and badly shaken but he had no serious injuries. Now, he promised not to try flying again.

Morale – Do not try to be something you are not. Do not be too ambitious to achieve goals too high.

Be happy with your creation.

Kornjača koja je htjela letjeti

Nekad je bila kornjača koja nikad nije bila zadovoljna. Živio je naslatkojtravi pored šumskog bazena, ali i dalje se osjećao vrlo dosadno. Jednog dana primijetio je velikog orla kako leti iznad njega. Izgledao je tako graciozno, a letenje je takolako da je kornjača odlučila da čenaučiti i letjeti.

Tada se orao odmarao u blizini bazena i kornjača je vidjela svoju priliku i rekla: "O zgodni orao, takodobro letiš."

Molim te, nauči me kako letjeti ... "Orao se začudio.

"Što?! Nauči me letjeti? Ali nemaš ni perja ni krila!"

Ponovno je kornjača preklinjala: "Oh molim te, Orao, sigurna sam da mogu naučiti." Kornjača je nastavila uvjeravati orla da ga nauči letjeti dok napokon, orao ne pristane. Pokupio je kornjaču velikim kandžama i odletio visoko u nebo. Zatim je pustio kornjaču i rekao mu da mašenogama i leti.

Kornjača je zamahnula nogama najjače što je mogao, ali ipak, pala je poput kamena prema zemlji. Srećom pao je u grmlje. Pokopan je i jako potresen, ali nije imao ozbiljnih ozljeda. Sada je obećao da više neće pokušati letjeti.

Pouka- Nemoj biti nešto što ne možeš biti, ne postavljuj sebi previsokih ciljeva.

Budi sretan onakav kakv si.
