

We are the explorers !

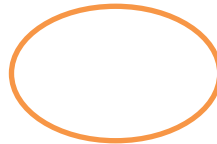

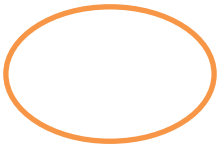

I- Listen and fill in the blanks :

We are the _____, we have a need to find what is out there. It is a drive inside each and every one of us: the drive to wonder, to push the _____, and to _____.

We expanded across our lands, settling new frontiers. We took to the _____ and learned that we could cross treacherous expanses in the pursuit of _____.

And then, we took to the _____ and flew! But that wasn't enough. We left the _____, and redefined what was possible. We flew in _____, we walked in _____. What once was a melodramatic _____ of fantasy became reality.

II- List the 3 different places men have progressively explored.

III- Do you think it is in the nature of Man to be an explorer?
Can you name famous explorers?

We are the explorers !

I- Listen and **circle** the right word :

We are the EXPLORERS/ EXAMPLES, we have a need to find what is out there. It is a drive inside each and every one of us: the drive to wonder, to push the BARRIERS /BOUNDARIES, and to EXPORT/ EXPLORE. We expanded across our lands, settling new frontiers. We took to the OCEANS/ CHAINS and learned that we could cross treacherous expanses in the pursuit of DISCOVERY/ DISCREPANCY. And then, we took to the SPIES/ SKIES and flew! But that wasn't enough. We left the COMET/ PLANET, and redefined what was possible. We flew in SPAIN/ SPACE, we walked in SPACE/ PLACE. What once was a melodramatic FLIGHT/ FIGHT of fantasy became reality.

II- **Number** the 3 different places men have progressively explored.

...  ...  ... 

III- Do you think it is in the nature of Man to be an explorer?
Can you name famous explorers?

Yes, I think it's in the nature of Man to be an explorer because he.....
.....

The famous explorers I know are:
.....
