

FINAL TASK: CREATE YOUR OWN ROBOT

1) Prepare your notes* about your robot:

- what's his name?
- what does it look like?
- what is it made of?
- what can it do? / what is it able to do?
- what's his role?

2) Draw and rate your robot's qualities (You only have 15 stars to distribute).

3) Present your robot and compare it to your classmates's robots.

* You can only use key words, no sentences!

FINAL TASK: CREATE YOUR OWN ROBOT
