netboard.me

Probablemente la forma más fácil de crear páginas web

netboard.me

Netboard es una herramienta *online* gratuita para reunir, organizar y compartir contenido web.

En un **netboard** podemos incluir textos, documentos, enlaces, vídeos, fotos, presentaciones, novedades de sitios y otros tipos de material.

No hay límite para el número de **netboards** que queramos crear.

En un mismo **netboard** pueden publicar varios autores.

Accedemos a **Netboard** desde <https://netboard.me>

Hay dos tipos de cuentas gratuitas en Netboard

Personal

Se tarda unos minutos en crear una hermosa página con todo el contenido que necesita.

Haga que su página sea totalmente privada, brinde acceso a usuarios seleccionados o haga que sea pública para toda la Web.

Permita que otros usuarios agreguen contenido a sus páginas.

Comparta sus páginas y siga otras páginas de usuarios

Comparta versiones en PDF de sus páginas. PDF funciona en cualquier dispositivo y no requiere que se use ninguna cuenta

Comparta enlaces de acceso con aquellos que aún no tienen una cuenta de netboard.me. Permítales ver sus páginas privadas, comentar y editar como un usuario registrado.

Inserte sus páginas en un sitio personal o blog

Organización

Regístrese y gestione usuarios propios. No se requieren correos electrónicos.

Cree grupos de usuarios y decida qué publicar para cada grupo.

No se puede acceder a sus usuarios desde fuera de la organización a menos que lo permita.

Use páginas internas accesibles solo dentro de su organización.

Decida quién puede publicar contenido en la Web

Use el papel de supervisor para delegar contenido, usuarios y gestión de grupos.

Trabaje con cuentas de organización amigables para permitirlos la colaboración de usuarios y el intercambio de contenido

How to edit netboard

- Post button** Creates netboard post from the URL you've provided. It can be link to any site, document, image, video, RSS feed, Google docs and much more.
- Upload button** Allows to upload images and documents from your computer and make them accessible from your netboard.
- Resize** Hold and drag the right edge of the post to resize.
- Move** Just drag posts to re-order them.
- Edit post text** Editable text is shown with icon.
- Lock position** Posts with locked position won't change the order if some other post was moved or added. In this way you can keep some posts always at the top of the netboard.
- Add text** Hold "Text Box" option and drag it to the netboard.
- Tags** You can use tags to quickly filter posts on the netboard (e.g. #level1 or #level2). Just start any word with "#" to create a tag.

Desde el botón **Help** accedemos a ayuda para las funciones más habituales de edición de un *netboard*.

The screenshot shows the netboard.me web interface. At the top, there is a navigation bar with buttons for 'Tutorials', 'Text', 'Layout', 'Skin', and 'Customize'. Below this is a toolbar with 'Post the URL', 'Post', 'Upload', 'Text Box', 'Embed HTML', 'Settings', and 'Help'. A red box highlights the 'Tutorials' button in the top navigation bar. A red arrow points from this button to a 'Video Tutorials' modal window. This window contains a list of video tutorials:

- 1. Create a page
- 2. Organize different Web content
- 3. Edit a page
- 4. Customize a page

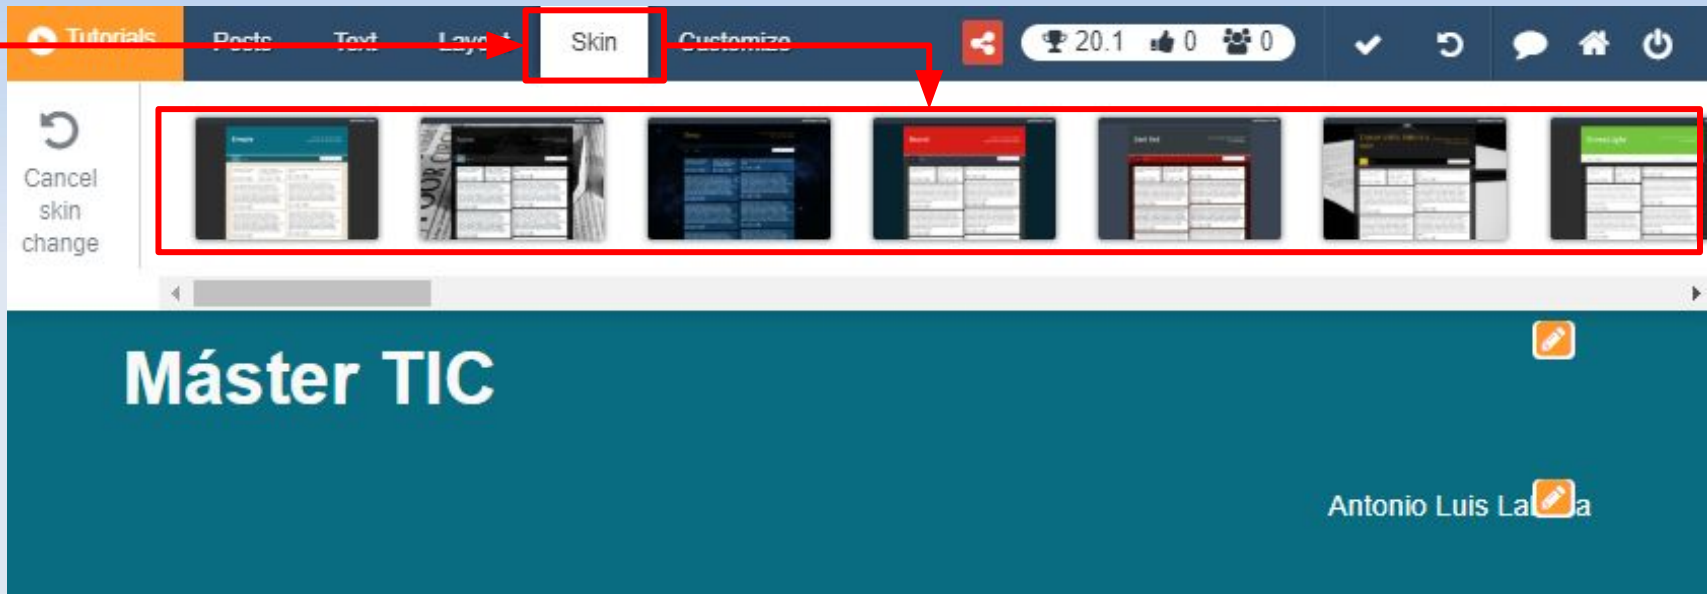

The first tutorial, '1. Create a page', is expanded to show a video player with the title 'Create Web Page with netboard.me'. The video player shows a preview of a web page with various content elements like text, images, and galleries.

Desde el botón **Tutorials** accedemos a diversos videotutoriales

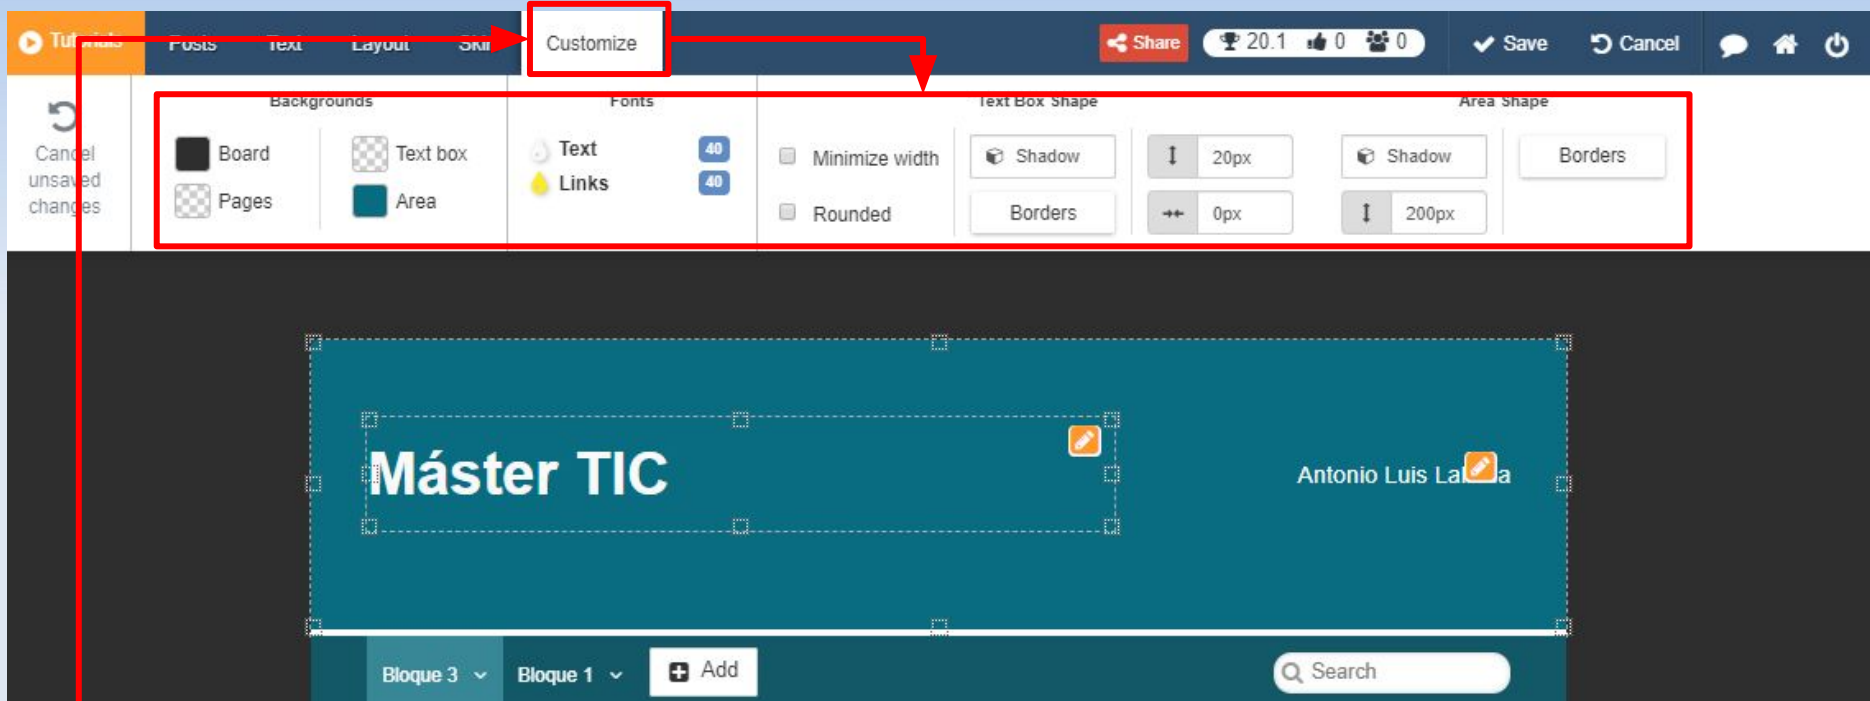

La pestaña **Text** simplemente nos recuerda que todos los textos que podemos modificar en nuestro *netboard* aparecen señalados con el icono de edición de texto 

La pestaña **Layout** nos muestra distintas plantillas de formato o disposición de publicaciones en nuestro *netboard*

De forma similar, la pestaña **Skin** nos ofrece diversas plantillas para modificar la apariencia de nuestro *netboard*

Pulsando en la pestaña **Customize** podemos personalizar diversos elementos de nuestro *netboard* como el fondo, las fuentes de letra, la forma de los distintos elementos, bordes, sombras, etc.

The screenshot displays the netboard.me interface. At the top, there are navigation tabs: 'Tutorials', 'Post', 'TEXT', 'Layout', and 'Customize'. The 'Customize' tab is selected and highlighted with a red box. Below the tabs, there are several panels for customization: 'Backgrounds' (Board, Area, Pages, Posts), 'Fonts' (Captions, Text, Links), 'Posts Shape' (Shadow, Borders, Rounded), and 'Area Shape' (Borders, Ordered). The 'Ordered' option in the 'Area Shape' panel is highlighted with a red box. Below the customization panels, there is a search bar and a list of content items. The content items are arranged in a grid. The first item is 'Coldplay - Adventure of a Lifetime', the second is 'Coldplay - Hymn for The Weekend', the third is 'The Chainsmokers & Coldplay - Something Just Like This', and the fourth is 'Coldplay - Paradise'. Each item has a play button icon and a small orange edit icon. Below each item, there is a link to the original content on YouTube.

Por defecto, cada vez que publicamos algo se rellena automáticamente cualquier espacio que quede libre. Si queremos que las entradas aparezcan ordenadas por publicación, debemos abrir la pestaña **Customize**, hacer clic en el área de contenido y en el menú de alineación escoger **Ordered**

- Title tag content:** Netboard name is used as the page title by default. The title tag:
 - defines a title in the browser toolbar
 - provides a title for the page when it is added to browser bookmarks (favorites)
 - displays a title for the page in search-engine resultsA text input field contains 'Herramientas y recursos' with a character count of 23 / 55.
- Description meta tag content:** Netboard description is used by default. The description should provide a concise explanation of the page's content. The description is often, but not always, displayed on search engine results pages, so it can affect click-through rates. A text input field contains 'Audio, vídeo, imágenes, alojamiento, enviar archivos' with a character count of 52 / 180.
- Keywords meta tag content:** Keywords meta tag contains strings separated by commas, relevant words associated with the content of the page.
 - Example (5 strings separated by commas): wood, furniture, garden, garden table, wooden table
 - We recommend to avoid more than 10 strings.A text input field is empty with a character count of 0 / 255.

At the bottom right of the window, there are 'Cancel' and 'Save' buttons.

Enlace para publicar como co-autor

The screenshot shows the Netboards interface. At the top, there is a blue header with the 'NETBOARDS' logo. Below it, there is a red button labeled '+ Create new netboard' and a search bar with the placeholder text 'Name or description'. The main content area is titled 'Herramientas y recursos' and features a grid of netboards. The first netboard is highlighted, showing a preview of its content, which includes various educational resources. To the right of the netboard, there are statistics: a score of 84.0, 0 likes, and 0 followers. Below these statistics, there are three buttons: 'Access Links' (highlighted with a red box), 'Set co-authors (1)', and a user profile button for 'allp0906'. At the bottom, there are 'Share' and 'WWW' buttons, and the netboard's update and creation dates: 'Updated on Jan. 19, 2020' and 'Created on Feb. 13, 2019'.
