When it rained five days Lord  
And the clouds turned dark as night  
When it rained five days Lord  
And the clouds turned dark as night  
Lord, the trouble taking place  
Lord, the trouble taking place  
In the lowlands at night  
Mmmmm...

I got up this morning  
I couldn't even get out of my door  
I got up this morning  
I couldn't even get out of my door  
Lord there was thousand of my poor poeple  
Lord there was thousand of my poor poeple  
Didn't have no place to go  
Mmmmm...

And I went and I stood  
Up on a high lonesome hill  
And I went and I stood  
Up on a high lonesome hill  
Lord, and all I could do  
Lord, and all I could do  
Was look down where I used to live  
Mmmmm...

Now it thundered and it lightnin'd  
Lord, the wind began to blow  
Now it thundered and it lightnin'd  
Lord, the wind began to blow  
Lord there was thousand of my poor poeple  
Lord there was thousand of my poor poeple  
Didn't have no place to go  
Mmmmm...
