How to get on Santa's nice list ?

a) Matching

- 1** You should be kind to your siblings
- 2** You should say thank you
- 3** You should offer to help to do household chores
- 4** You should do your homework
- 5** You should brush your teeth
- 6** You should eat all of your dinner

- It can be hard to be nice to your siblings you should tell them you love them and make sure you never hit them or do mean things to them!
- If you offer to help them, the job will get done faster and you can sleep easy.
- Sometimes eating all of your dinner can be difficult. It might not be your favorite thing to do, but it's good for your body and your teeth, and it's less wasteful to make sure your plate is clean after a meal. Santa loves it when children are kind to their parents in this way!
- Homework is tedious and boring sometimes, but you still need to do it without complaint! Doing so will help you learn and make sure you won't have to do even more homework later.
- Your parents have taught you how and when to say thank you, but are you really saying it enough?
- We know we already said this one, but we just wanted to make sure you don't forget. Brush your teeth twice a day, and don't complain about it!

Dear Olivia,

URGENT

I'm so sad to say that I've checked my list twice and you are coming up on The Naughty List.

I noticed that you never brush your teeth. Furthermore, you always go to bed at 11PM ! Be careful because I saw you were not very nice to you brother.

Try your best! I know you can do it!

Best Wishes,

Santa Claus
